

Our Guarantee

Guarantee applies to current customer on all waterproofing (below grade). Excludes concrete and masonry work. AG Waterproofing is not responsible for damage caused by areas not waterproofed and/or repaired. In the event that additional work is necessary, failure of customer to follow AG Waterproofing recommendation(s) regarding additional work may void guarantee.

Although the waterproofing process may aid in the prevention of future mold growth, this is not the primary objective of the waterproofing process. Customers with mold problems should consult professionals who specialize in mold removal, in addition to waterproofing their foundation.

Customer assumes responsibility for all incidental costs such as: shrubs, landscaping, decks, fences, heating/cooling units, and underground lines (water, gas, electrical, sprinkler systems, etc.). For wall replacement work, customer assumes responsibility for interior repairs and exterior siding repairs if necessary.
